

9/11 Commission Report Questioned by Senior Military, Intelligence, and Government Officials

Alphabetized List

Many respected senior members of the military, intelligence services, and government have expressed significant criticism of the 9/11 Commission Report. Some even allege government complicity in the terrible acts of 9/11. Below are the highly revealing public statements on this vital topic of over 50 prominent public servants with links for verification and further investigation.

The collective voices of these respected senior officials along with over 100 esteemed professors, over 250 pilots and aviation professionals, and over 2,000 architects and engineers give credibility to the claim that the 9/11 Commission Report is tragically flawed. These dedicated individuals from across the political spectrum are not irresponsible believers in some 9/11 conspiracy theory. Their sincere concern, backed by decades of service to their country, demonstrate that criticism of the 9/11 Commission Report is not only reasonable and responsible, it is in fact a patriotic duty.

	SENIOR GOVERNMENT OFFICIALS QUESTION 9/11
 U.S.Senator Max Cleland	Senator Max Cleland – Former member of the 9/11 Commission, resigned December 2003. U.S. Senator from Georgia 1996-2002. Currently serves on the board of directors of the Export-Import Bank of the United States. Administrator of U.S. Veterans Administration 1977-1981. Awarded Silver Star and Bronze Star for U.S. Army bravery in Viet Nam. Triple amputee from war injuries. • Boston Globe Article 11/13/03: "If this decision stands [to limit 9/11 Commission access to White House documents], I, as a member of the commission, cannot look any American in the eye, especially family members of victims, and say the commission had full access. This investigation is now compromised." http://www.boston.com/... - Link to <i>Boston Globe</i> article • Article 11/21/03: Regarding the 9/11 Commission: "It is a national scandal." http://dir.salon.com/story/... • Resigned from the 9/11 Commission, 12/03 • Transcript of audio interview 3/23/04: "One of these days we will have to get the full story because the 9/11 issue is so important to America. But this White House wants to cover it up." http://www.democracynow.org/... • Bio: http://memory.loc.gov/... - Library of Congress

U.S. Senator Mike Gravel

Senator Mike Gravel – U.S. Senator from Alaska 1969 - 1980. He is most well known for entering over 4,000 pages of the Pentagon Papers into the U.S. Senate record, thus making public the secret official study that revealed the lies and manipulations of successive U.S. administrations that misled the country into the Vietnam War.

- **Huffington Post article 9/10/07:** "This September 11th, I am going to give a speech at the UN calling for a new, truly independent 9/11 Commission. This commission would investigate unanswered questions, including the historical causes of the attack and the manifold failures of our government before and after the event. Unlike the first investigation, this commission should be granted subpoena power and full access to all governmental files and personnel. George Bush should be forced to testify alone."
- **National Press Club speech 9/9/10:** "The [9/11 Commission's] investigation was not what we call an investigation. It was to develop a storyline of what happened to be fed to the American people and to receive their acquiescence. Victims' family members ... have said that only a fourth of their well researched questions were answered."

Louis Freeh

Louis Freeh – Director of FBI, 1993-2001. Former U.S. District Court Judge for Southern District of New York, appointed by President George H.W. Bush. Former Deputy United States Attorney in New York. Former FBI agent. Former officer in United States Army.

- **Wall Street Journal 11/17/05:** "Even the most junior investigator would immediately know that the name and photo ID of [lead 9/11 hijacker Mohammed] Atta in 2000 is precisely the kind of tactical intelligence the FBI has many times employed to prevent attacks and arrest terrorists. Yet the 9/11 Commission inexplicably concluded that it 'was not historically significant.' This astounding conclusion—in combination with the failure to investigate Able Danger and incorporate it into its findings—raises serious challenges to the commission's credibility and, if the facts prove out, might just render the commission historically insignificant itself. No wonder the 9/11 families were outraged by these revelations and called for a 'new' commission."

General Albert
Stubblebine

General Albert Stubblebine, U.S. Army (ret) – Commanding General of Army Intelligence and Security Command (INSCOM), 1981 - 1984. Also commanded U.S. Army's Intelligence Center. Former head of Imagery Interpretation for Scientific and Technical Intelligence. 32-year Army career. Inducted into the Military Intelligence Hall of Fame in 1990.

- **Video:** "One of my experiences in the Army was being in charge of the Army's Imagery Interpretation for Scientific and Technical Intelligence during the Cold War. I measured pieces of Soviet equipment from photographs. It was my job. I look at the hole in the Pentagon and I look at the size of an airplane that was supposed to have hit the Pentagon. And I said, 'The plane does not fit in that hole'. So what did hit the Pentagon? What hit it? Where is it? What's going on?" <http://www.undersiegemovie.com...> Another video of General Stubblebine's testimony is [available here](#).

Col. Robert Bowman

Col. Robert Bowman, PhD, U.S. Air Force (ret) – Director of Advanced Space Programs Development under Presidents Ford and Carter. Air Force fighter pilot, over 100 combat missions. PhD in Aeronautics, Nuclear Engineering.

- **Video:** "A lot of these pieces of information, taken together, prove that the official story ... of 9/11 is a bunch of hogwash. It's impossible. ... There's a second group of facts having to do with the cover up. Taken together these things prove that high levels of our government don't want us to know what happened. Who gained from 9/11? Who covered up crucial information? And who put out the patently false stories about 9/11 in the first place? I think the case is pretty clear that it's highly placed individuals in the administration with all roads passing through Dick Cheney. I think the very kindest thing that we can say about George W. Bush and all the people in the U.S. Government that have been involved in this massive cover-up ... is that they were aware of impending attacks and let them happen. However even that is high treason and conspiracy to commit murder." <https://www.google.com/search...>

Raymond L. McGovern

Raymond L. McGovern – Former Chairman, National Intelligence Estimates, CIA. Responsible for *President's Daily Brief (PDB)* for Ronald Reagan and George H.W. Bush. 27-year CIA veteran. Former U.S. Army Intelligence Officer.

- **Video:** "I think at simplest terms, there's a cover-up. The 9/11 report is a joke. The question is: What's being covered up? Is it gross malfeasance, gross negligence? Now there are a whole bunch of unanswered questions. And the reason they're unanswered is because this administration will not answer the questions. This is the bottom line for me; just as Hitler in 1933 cynically exploited the burning of the parliament building, the Reichstag, this is exactly what our President did in exploiting 9/11. The cynical way in which he played on our trauma, used it to justify attacking, making a war of aggression on a country that he knew had nothing to do with 9/11. That suffices for me. That's certainly an impeachable offense." <http://www.youtube.com/watch?v=Uwu0bNaUcOU>

Francesco Cossiga

Francesco Cossiga – President of Italy, 1985-1992. Also served as Former Prime Minister, Undersecretary for Defense, and President of the Italian Senate.

- **Article *Corriere della Sera*, 11/30/07:** Mr. Cossiga commenting on a purported new video from Osama bin Laden: "The non-authenticity of the video is supported by the fact that Osama bin Laden in it 'confessed' that Al Qaeda was responsible for the 9/11 attack on the Twin Towers in New York. However, all of the democratic areas of America and of Europe, with the Italian center-left in the forefront, now know full well that the disastrous attack was planned and executed by the American CIA and Mossad ... to falsely incriminate Arabic countries and to persuade the Western Powers to intervene in Iraq and Afghanistan." Col. George Nelson

Col. George Nelson, U.S. Air Force (ret) – Former U.S. Air Force aircraft accident investigator and airplane parts authority. 34-year Air Force career.

- **Essay:** "The government alleges that four wide-body airliners crashed on the morning of September 11 2001, resulting in the deaths of more than 3,000 human beings, yet not one piece of hard aircraft evidence has been produced in an attempt to positively identify any of the four aircraft. On the contrary, it seems only that all potential evidence was deliberately kept hidden.

With all the evidence readily available at the Pentagon crash site, any unbiased rational investigator could only conclude that a Boeing 757 did not fly into the Pentagon. Similarly, with all the evidence available at the Pennsylvania crash site, it was most doubtful that a passenger airliner caused the obvious hole in the ground and certainly not the Boeing 757 as alleged.

As painful and heartbreaking as was the loss of innocent lives and the lingering health problems of thousands more, a most troublesome and nightmarish probability remains that so many Americans appear to be involved in the most heinous conspiracy in our country's history."

Col. Ronald D. Ray

Col. Ronald D. Ray, U.S. Marine Corps (ret) – Deputy Assistant Secretary of Defense during Reagan Administration. Highly decorated Vietnam veteran (two Silver Stars, a Bronze Star and a Purple Heart). Appointed by President George H.W. Bush to serve on American Battle Monuments Commission. From 1990 to 1994, served as Military Historian and Deputy Director of Field Operations for U.S. Marine Corps Historical Center, Washington, D.C.

- **Article:** "The former Deputy Assistant Secretary of Defense under the Reagan Administration and a highly decorated Vietnam veteran and Colonel has gone on the record to voice his doubts about the official story of 9/11 - calling it 'the dog that doesn't hunt.' Ray questioned the feasibility of having a budget of half a trillion dollars a year, yet not even being able to defend the Pentagon. 'Half a trillion dollars a year and a bunch of guys over in a cave in Afghanistan were able to penetrate that half a trillion dollar network that's supposed to provide Americans with national security.'" <http://www.prisonplanet.com/...>

Rep. Curt Weldon

Rep. Curt Weldon – Ten-term Republican Congressman from Pennsylvania. House Armed Services Committee Vice Chairman. Homeland Security Committee Vice Chairman.

- **U.S. House of Representatives Speech 10/19/05:**

"Intelligence officers ... identified [lead 9/11 hijacker] Mohammed Atta and three terrorists a year before 9/11, tried to transfer that information to the FBI, were denied, and the FBI Director has now said ... the FBI could have used it to perhaps prevent the hijackings. The 9/11 Commission totally ignored this entire story.

I am a strong supporter of our military. I am a strong supporter of President Bush. I say all of that, Mr. Speaker, because ... there is something desperately wrong here. I have met with at least 10 people who fully corroborate what [intelligence officer] Tony Shaffer says. This is not [about] Republicans or Democrats. It is about what is fundamental to this country."

<http://curtweld...> - Link to speech on Weldon's website

- **Fox News 8/28/05:** "'There's something very sinister going on here that really troubles me,' Weldon told Fox News on Thursday, blasting the 9/11 commission for not taking the claims more seriously. He said some panel members were trying to smear Shaffer and Able Danger. 'What's the 9/11 commission got to hide?'"

Lt. Col. Anthony Shaffer

Lt. Col. Anthony Shaffer, U.S. Army (ret) – Former Military Intelligence Officer, Defense Intelligence Agency. Member of Able Danger effort to target Al Qaeda's global structure. Former Chief of the Army's HUMINT [Human Intelligence] program. Awarded the Bronze Star for bravery for the first of his two combat tours to Afghanistan. 23-year military intelligence career.

- **Testimony before the House Armed Services Committee 2/15/06** (page 18) - "After contact by two separate members of the Able Danger team ... the 9/11 [Commission] staff refused to perform any in-depth review of investigation of the issues that were identified to them. ... It was their job to do a thorough investigation of these claims – to not simply dismiss them based on what many now believe was a "preconceived" conclusion to the 9/11 story they wished to tell. ... I consider this a failure of the 9/11 staff ... as is evidenced by their recent, groundless conclusion that Able Danger's findings were "urban legend."

Lt. Col. Karen Kwiatkowski, PhD, U.S. Air Force (ret) – Former Political-Military Affairs Officer in the Office of the Secretary of Defense. Staff Member, Office of Director of the National Security Agency. 20-year Air Force veteran.

- **Essay:** "Reading through the official 9/11 report, I quickly lost my focus – apparently emulating the 9/11 commission over the past 20 months. One wonders if the entire commission wasn't secretly replaced by pod people from the old Soviet Central Committee. I naively expected more constructive and useful information in the report."

- **Essay:** "It is hard to exaggerate the importance of a scientific debate over the cause(s) of the collapse of the twin towers and building 7. The job of scientists, engineers and impartial researchers everywhere is to get the scientific and engineering analysis of 9/11 right. Unfortunately, getting it right in today's 'security state' demands daring because explosives and structural experts have been intimidated in their analyses of the collapses of 9/11." <http://www.lewrockwell.com/...>

Michael Meacher – Former Under Secretary for Industry, Under Secretary for Health and Social Security, Minister of Environment, and Member of the House of Commons (UK).

- **Video:** Regarding the 9/11 Commission Report: "It was a 580-page avoidance of any serious explanation. The official investigative report says the US has never been able to find the sources of financing for 9/11. And then they say, 'That after all is a matter of no great importance.' I find that astonishing. It is a matter of absolutely central importance. It seems to me extraordinary that the United States with its stupendous military capabilities and the most technologically advanced country in the world completely and totally failed to follow up on these leads." <https://www.google.com/search...>

When I hear Bush talking about al-Qaida as if it was Nazi Germany or the communist party of the Soviet Union, I laugh because I know what is there. Bin Laden has been under surveillance for years: every telephone call was monitored and al-Qaida has been penetrated by American intelligence, Pakistani intelligence, Saudi intelligence, Egyptian intelligence. William Christison

William Christison – Former National Intelligence Officer and Director of the CIA's Office of Regional and Political Analysis. 29-year CIA veteran.

- **Essay:** "I now think there is persuasive evidence that the events of September did not unfold as the Bush administration and the 9/11 Commission would have us believe. An airliner almost certainly did not hit The Pentagon. The North and South Towers of the World Trade Center almost certainly did not collapse and fall to earth because hijacked aircraft hit them."
<http://www.dissidentvoice.org...>
- **Article:** "[David Griffin](#) believes this all was totally an inside job - I've got to say I think that it was too. I have since decided that....at least some elements in this US government had contributed in some way or other to causing 9/11 to happen... The reason that the two towers in New York actually collapsed and fell all the way to the ground was controlled explosions rather than just being hit by two airplanes. Robert Baer: "There is that possibility, the evidence points at it."
Hartmann: "And why is it not being investigated?"
Baer: "Why isn't the WMD story being investigated? Why hasn't anybody been held accountable for 9/11? We held people accountable after Pearl Harbor. Why has there been no change in command? Why have there been no political repercussions? Why has there [not been] any sort of exposure on this?" <http://www.911blogger.com/...>

Over the course of that two-hour viewing, however, I became convinced that there is substance to Mr. Gage's conclusions, and that they deserve serious attention from appropriate authorities. Terrell E. Arnold, MA – Former Deputy Director, Office of Counter-Terrorism and Emergency Planning, U.S. State Department. Former Chairman, Department of International Studies, National War College. U.S. Navy veteran.

- **Essay: It is Vital to Move Beyond 911, 7/3/07:**

"More than five years after the fact, Washington leadership keeps the American people fixated on the events of 9/11. They have brought us no closer than we were on September 12, 2001 to resolving how it was executed and by what enemy. They tell us repeatedly that it was the work of al Qaida, but they have yet to show us the proofs. They told us the official version of what happened that day, but their story is laced with contradictions, and the facts visible on the ground at the time belie much of the official account. Every American must look carefully at the pattern of decay that began with 9/11.

"As an alleged post 9/11 defense, the War on Terrorism is a gigantic fraud. ... We cannot let a single criminal act, the facts and perpetrators of which are still obscure, destroy our society. With all respect due to those who lost family and friends in the attacks of 9/11, there is no evident search for justice, truth or our future safety in the US government actions outlined in this paper. Instead we are watching the most brutal power games of our times that benefit the few at the expense of the rest of us."

- **Statement in support of Architects and Engineers for 9/11 Truth petition:**

"I have studied the available evidence carefully and it is obvious to me that the buildings did not collapse simply because of fire. Even without all the technical evidence, including evidence of thermite, etc. common sense tells anyone viewing videos of the collapses with an open mind that explosives were used. The massive amounts of ejecta and dust cannot be explained otherwise."

Milton Bearden

Milton Bearden – CIA Station Chief in Pakistan, Germany, Nigeria, Sudan. Distinguished Intelligence Medal, Intelligence Medal of Merit, Donovan Award for his CIA service.

- **Interview with Dan Rather, CBS News 9/12/01:**

Dan Rather: If the President should come to you and ask you, "What do you think I should do?", what would you tell him?

Milton Bearden: Focus on finding out who did this thing yesterday and then dealing with it in a way that will not bring yet more troubles to us.

Rather: A judgment is coalescing around the President that it was Osama bin Laden.

Bearden: I spent so many years wondering how the myth of Osama bin Laden got started. We have the Osama bin Laden who was the great war hero in Afghanistan ... who was trained by CIA, funded and supported by CIA during three years of war. Never mind that he's an absolutely evil man, but the mythological Osama bin Laden causes me trouble. And I think maybe there is another answer out there.

Rather: You're one of our most experienced people with long experience in Afghanistan. What does your gut tell you about who's responsible?

Bearden: My gut tells me we don't know the answer yet. Experts will jump on you and say it's Osama bin Laden's MO. My answer to them is ... this was a tremendously sophisticated operation against the United States; more sophisticated than anybody would ever have ascribed to Osama bin Laden. I think we need to do a little homework. We need to appoint a Team B that looks for somebody else.

- **Statement in support of Architects and Engineers for 9/11 Truth petition:**

"I am ashamed that I spent so many years defending the borders only to now know that we are now living the most corrupt time in all of U.S. history. I had some questions in my mind about all the circumstances involved in 9/11 but it wasn't until I watched this DVD did all the pieces of the puzzle fall into place. I guess, I, too, was living in denial. No one wants to believe this, but having witnessed two jet plane crashes in the past, and watching the Trade Center buildings collapse, I know that the facts do not add up.

After viewing several other documentaries on 9/11, I am now convinced these building were deliberately destroyed. Someone has to be held accountable."

Ramsey Clark

Ramsey Clark, MA, JD – U.S. Attorney General 1967-69.

- **Article: *Has Truth Been Told About 9/11?, 9/28/10:***

"After President Mahmoud Ahmadinejad spoke before world leaders and the international press at the 65th Session of the UN General Assembly, an uproar followed and the United States expressed outrage at his remarks. The U.S. media widely reported that the Iranian president accused the U.S. government of killing U.S. citizens in an attack on the World Trade Center in New York on the fateful day of Sept. 11.

"But the world leader's question and message were much more nuanced and important than that—his core assertion was that a horrible attack that killed some 3,000 people and the U.S. response changed the world. The truth is the truth regardless of the messenger; and the truth of the matter is that what really happened on September 11, 2001 is an issue that people cannot run away from," said Ramsey Clark, a former U.S. attorney general and co-founder of the International Action Center.

"I don't think you can reject the issue because of the messenger," Mr. Clark added. "History does require that the facts have a proper review."

"I think when you look at this country right now, we need a two-party system that works. We need Congress to do its job. We need real investigation of some of the abuses of authority that are apparently going on at the Executive branch. ... We've never finished the investigation of 9/11 and whether the administration actually misused the intelligence information it had. The evidence seems pretty clear to me. I've seen that for a long time."

- **Interviewed by Paul Joseph Watson on 5/5/11:** What's important to understand at this point [is that] we have been safe for over 30 to 40 years. Nothing and no one has ever attacked the United States. The only people who attacked the United States [were] George Bush, Cheney, and Rumsfeld. [at 10:50]

I didn't expect ten years later for another delusionary panderer called the President [Obama], a politician, ... to continue this nonsensical story that we had been attacked by Muslims, which we hadn't been. We were attacked by our own people in a false flag operation. [at 11:40]

The issue at hand now is still more important. We have to stop this government and other governments from continuing to deceive, deny, and continuously manipulate the American public." [at 12:20]

An even bigger question is why isn't our media asking these questions? Why isn't our military spending many millions of dollars to find out why military defense systems failed on 9/11? Why is it that the 9/11 Commission budget was far less than the budget allotted to the Challenger Disaster or even the Monica Lewinsky affair?"

Capt. Russ Wittenberg, U.S. Air Force – Former Air Force fighter pilot, over 100 combat missions. Commercial pilot for Pan Am and United Airlines for 35 years. Had previously flown the actual two United airplanes that were hijacked on 9/11.

- **Article:** "'The government story they handed us about 9/11 is total B.S.' Wittenberg convincingly argued there was absolutely no possibility that Flight 77 could have 'descended 7,000 feet in two minutes, all the while performing a steep 270 degree banked turn before crashing into the Pentagon's first floor wall.'

'For a guy to just jump into the cockpit and fly like an ace is impossible,' said Wittenberg, recalling that when he made the jump from Boeing 727s to the highly sophisticated computerized characteristics of the 737s through 767s, it took him considerable time to feel comfortable flying."

<http://www.arcticbeacon.com....>

- **Audio Interview 9/16/04:** "[Flight 77] could not have flown at those speeds which they said it did without going into what they call a high speed stall. The airplane won't go that fast if you start pulling those high G maneuvers at those bank angles. To expect this alleged airplane to run these maneuvers with a total amateur at the controls is simply ludicrous." <http://911underground.com/...>

Barbara Honegger – Senior Military Affairs Journalist at the Naval Postgraduate School (1995 - present). White House Policy Analyst and Special Assistant to the Assistant to President Ronald Reagan (1981-83).

- **Essay:** "The US military, not al Qaeda, had the sustained access weeks before 9/11 to also plant controlled demolition charges throughout the superstructures of WTC1 and WTC2, and in WTC7, which brought down all three buildings on 9/11. A US military plane, not one piloted by al Qaeda, performed the highly skilled, high-speed 270-degree dive towards the Pentagon. Air Traffic Controllers on 9/11 were sure [it] was a military plane as they watched it on their screens. Only a military aircraft, not a civilian plane flown by al Qaeda, would have given off the 'friendly' signal needed to disable the Pentagon's anti-aircraft missile batteries as it approached the building. Only the US military, not al Qaeda, had the ability to break all of its Standard Operating Procedures to paralyze its own emergency response system." <http://blog.lege....>

Letter to Congress on 9/11 Commission Report

John M. Cole

"We the undersigned wish to bring to the attention of the Congress and the people of the United States what we believe are serious shortcomings in the [9/11 Commission] report and its recommendations.

Omission is one of the major flaws in the Commission's report. We are aware of significant issues and cases that were duly reported to the commission by those of us with direct knowledge, but somehow escaped attention.

The omission of such serious and applicable issues and information by itself renders the report flawed, and casts doubt on the validity of many of its recommendations."

9/11 is unquestionably the most important event in American history since December 7, 1941, when Japanese forces attacked Pearl Harbor. The magnitude of its impact on America and the world cannot be overstated. The terrible acts of 9/11 and the events leading up to them deserve a thorough and unimpeachable investigation to learn the facts. And if some rogue elements within the U.S. government were complicit in the terrorist attacks on the World Trade Center and the Pentagon on 9/11, as several of these individuals allege, it is critical that these elements be exposed and removed from power.

Note of acknowledgement: Most of this excellent data was compiled by Alan Miller. For the latest version of this chart on his website: <http://www.patriotsquestion911.com>. Please note that most of the individuals listed above are not affiliated with this website.

A PERSONAL NOTE ABOUT THIS WEBPAGE FROM ALAN MILLER

I believed the official explanation of 9/11 for four and one-half years. I remember, during that time, becoming angry at news stories about people who challenged that explanation. However, in the Spring of 2006, I saw the documentary, Loose Change, on the Internet. Although not entirely objective, it raised many serious and disturbing questions about the events of 9/11 that I had previously simply accepted without much critical thought.

And so I began a several month period of researching the events of 9/11. I found a great deal of material challenging the 9/11 Commission Report on web sites like 911truth.org, physics911.net, [Scholars for 9/11 Truth](http://Scholarsfor911Truth.org) and many others. I attended a lecture by [Prof. David Ray Griffin](#). I learned much about what has become known as the 9/11 Truth Movement.

Much of the information and limited media coverage of the 9/11 Truth Movement focuses on college professors like [David Ray Griffin](#), [Steven Jones](#), [James Fetzer](#), [Kee Dewdney](#), and others. In August of 2006, I began searching for statements about 9/11 by members of the intelligence services, military and government. Because of their experience in these areas, I felt their opinions about 9/11 would be an additional valuable source of information. I was surprised by the amount of criticism of 9/11 from this group that I found scattered around the Internet. I had learned of virtually none of this criticism through newspapers, television, or radio news sources.

I don't know what really happened on 9/11. I greatly value these individuals' statements because most have spent large portions of their careers studying espionage, terrorism, and military operations throughout the world and personally planned and carried out United States' military and intelligence activities. They're experienced professionals, whom I trust.

My objective, at this point, is to have our government launch a new, extremely thorough and impartial re-examination of the terrible acts of 9/11 and the events leading up to them. In my opinion, and in the opinion of the above listed experienced individuals, the current 9/11 Commission Report is seriously inadequate in explaining what really happened.

For the sake of those who died on 9/11, their families, the American people, and for the sake of peace in the world, please continue to seek the truth about 9/11. Demand a thorough and impartial reinvestigation of 9/11.
